

Compact and Tough a Mark of Top Reliability

Born to be Extraordinary

KYOCERA Document Solutions is Extraordinary for

- Broad Range of Multifunction Devices and Printers
- Optimized Total Cost of Ownership (TCO)
- Reliable with Long Life Drum and Parts
- New and Advanced Technology

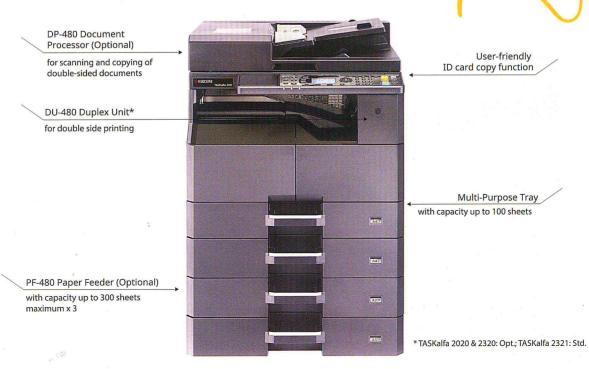

KYOCERA Document Solutions strives to be a company that contributes to the society and demonstrates a "Customer First" principle by providing customers with maximum value to increase their satisfaction. By adhering to the mission of producing document management devices that take balance between "Economy" and "Ecology", KYOCERA Document Solutions succeeds to develop document management devices with advanced technologies which help customers to optimize office productivity and efficiency at a low total cost of ownership and, at the same time, improving environmental performance.

A New Definition of Top Reliability and Dynamics

The new 20 and 23 cpm A3 monochrome multifunction devices which exemplify KYOCERA's innate values in delivering highly reliable products that unrivalled in its class brings new definition to "Reliability".

Combining proprietary long life technology seamlessly with user-centric functionalities guarantees consistent image quality over a long period and maximum uptime without frequent maintenance service visits due to drum unit change. Alluring compact design, small footprints and quiet in operation are magnets for the spotlight.

Empower Device with Finishing Unit to Boost Productivity.

Key COPY/PRINT/SCAN/FAX **Functionalities**

For Increasing Workplace Efficiency

• Speedy: Time to first copy/print is just 5.7 seconds and warm up time 17.2 seconds.

Complete copy of both sides of an identification card, credit card, driving license, name card etc into one side of a sheet of paper with a default ID Card Copy hard key on theoperation panel in just 2 steps (by Program registration) and added auto straightening and centering function.

Speedy Fax*:

Adopt Super G3 with 33.6Kbps transmission speed.

· Cost Saving with Combine Copying:

Combine 2-in-1 or 4-in-1 originals into one single page to save paper cost and document storage space

· Color Scan is standard:

Support color scanning in A3 size for all models for easy digitized document management or distribution.

 Quick Scan Utility: Support Scan to folder, Scan to email and Scan to PDF via Client Tool in JPEG, TIFF, PDF, High Compression PDF file format.

· Support Network Fax*:

Enable sending faxes, even through overseas transmission, with the Super G3 Fax technology by PC.

Offset Sort for Multiple Copies:

Sorting becomes an easy task with offset outputting.

· Multi Access Enabled:

Individual job data for copy, print, scan and fax* can be processed in parallel shortening the overall processing time. It is also possible to receive new job while processing the current job.

* Only applies to TASKalfa 2321 and optional Fax System(X) required.

Usability First Features

Easy to Use Operation Panel

2 Lines or 5 Lines LCD Panel with hard keys for easy operations.

Panel of TASKalfa 2020/ TASKalfa 2320

Panel of TASKalfa 2321 ith optional Fax System(X)

Compact in Size

Smallest footprint in its class that can be placed anywhere in the office.

Print Box Function for Confidential Documents Printing

Print Box Function with Password: A Private Print feature that allows users to temporarily store a print job in order to prevent undesired mixing of documents or avoid information leakage of confidential documents. A password can be set with this feature if required to support printing of confidential documents. Additional memory is not required as print job data is stored in the PC memory.

1. Select job storage location (Print Box number) and set password at Client Tool and send.

The job is temporarily stored at PC host.

2. Select designated Print Box number from Control Panel and input password and press Start.

Pulls job from PC host and Prints.

Smart Utilities for Device Settings, Managed Print and Minimized Device Management Related Costs

KYOCERA GX Driver

A simple and easy to operate deviceinterface for device and image settings(e.g. Quick Print, Settings, Lock andPassword Settings, User AccountSettings) as well as processing images at the PC side, without using printeremulations.

KYOCERA Net Viewer*

A comprehensive network management tool used to monitor, maintain, and update up to 100 network printing devices locally and remotely. Through KYOCERA Net Viewer, administrators can simply install and update firmware on all KYOCERA network connected devices while easily monitoring printed pages, device configuration, accounting, toner usage, and alerts. By implementing KYOCERA Net Viewer, the manpower required to monitor your connected devices is greatly reduced.

Design to Minimize Costs for Companies and the Environment

Energy savings design

- EcoPrint: Flexible EcoPrint Settings to consume less energy and toner
- Energy Saver: 1.54W~2.3W power consumption at Energy Saver Mode

Design for a Greener Environment

- · Leading long life Drum unit (lasts up 150,000 pages), developer and replacement parts.
- Parts for Recycling Non-toxic Materials
- · Quiet operation design for a comfortable working environment.
